Winther & Winther - Merchandise

This year, you can meet **Winther Winther** at the Velodrome!

They run a webshop selling **Team Rynkeby merchandise**, and for the first time, they have a **physical stand** at the arrival event.

At their stand, you can buy **various merchandise**, with the sales supporting **Team Rynkeby's fundraising** to support children with critical illnesses.

Stop by, support a great cause, and take a piece of Team Rynkeby with you! ❤️

Team Rynkeby – A European Charity Projekt

Since 2002, Team Rynkeby has raised over **100 million euros** for children with critical illnesses and their families.

What started as a small Danish cycling team has grown into an international movement with **67 local teams** plus one international team across **eight countries**.

Each year, our participants, riders & service, embark on the Tour de Paris to mark the conclusion of an intense fundraising period. The funds come from **sponsorships, events, school runs, and the sale of various products**, with volunteers contributing to the cause.

The grand finale takes place in Paris, where all teams gather to celebrate their efforts and the shared mission of making a difference – and we are happy that you are joining the celebrations!

About the Vélodrome

Build in 1894, making it one of the oldest velodromes in the world.

Originally known as the Vélodrome de Vincennes, but today know as Vélodrome Jacques Anquetil, after the first cyclist to win the Tour de France five times.

Hosted the Olympics as main stadium in 1900 as well as Olympic cycle stadium 1924.

Hosted the finish of the Tour de France each year between 1968 and 1974.

And now, of course, hosted the Team Rynkeby arrival in Paris 2024 and 2025.
